**See page 2 below for more pictures of completed projects at park**

## Project Team:

Lead: Vince Miller, PALS Administrative Manager  
 Irvin Kiffin, Scott Newton, Jackie Brown-Taylor, Rhea Warner, Desorae Giles-Smith

Gleason Park does not have fencing on the west side where the park abuts residences. The new wall will provide security and improve aesthetics. New benches and repairs to the walkways are also included.

## Current Conditions

Construction of the new privacy wall has been completed to replace the mismatched fencing on west side of park.

# Jackie Gleason Park Improvements

New high-quality steel benches and trash receptacles were installed on concrete pads

A new synthetic surface was installed beneath the playground that will reduce maintenance requirements and provide a safer play area

The playground is now completely covered with an awning to allow year-round use in all types of weather.

Bleacher seating added for the basketball courts allow children and friends of the players to remain nearby and for the players to use between games
