December 8, 2022

Dear Senator and Representatives,

I am a resident of the City of Lauderhill Florida and I am in support of the Florida Legislature's Joint Proclamation convening a Special Session on December 12th through December 16th. In addition to the legislation considered as part of the Special Session, as stated in Section 2 of the Proclamation, I support legislation that achieves the following:

- Lessens drastic homeowners insurance policy rate increases;
- Stabilizes homeowners insurance premiums and deductibles;
- Increases the amount of insurance market participants;
- Reduces the rising cost of repairs; and
- Provides senior programs for coverage and storm-proofing.

Sincerely,
